

PARTNERSHIP PLAN 2017-2018

“Working better together to make South Ribble and its communities great places to live, work, visit & play – places to be proud of and places where everyone has equal opportunity to contribute and to reach their full potential.”

The Plan

Below is our plan for the year, which sets out what we are going to be doing and what we seek to achieve.

| Priorities | Goals | Action | Measures |
|--|---|---|--|
| Local Services are supported to meet the challenge of Public Sector Reform | Organisations are better connected and integrated to ensure services meet the needs of all local residents and service users. We focus on vulnerable people who may require additional support to be empowered to take action to improve outcomes for themselves Integration take place at an operational level for effective services that provide value for money | 1. Establish a Community Interest Company to support the delivery of the key priorities and goals of the Borough Plan and to lever in external funding 2. Establish a Public Service Reform Task Group to identify and define a clear position 3. Deliver the South Ribble Big Do and Community Awards 4. Continue to support South Ribble VCFS Network through a joint delivery task group 5. Continue to support the Dementia Action Alliance, bringing organisations together to make South Ribble a Dementia Friendly Community 6. Establish a Borough communications forum, linking together all main communication leads 7. | Maximise the benefit of City Deal focusing on skills, education & community infrastructure | Residents are supported to access education and develop skills to benefit from the employment opportunities that will arise from City Deal To work with partners to aid in the successful delivery of the local Skills and Employment Strategic Framework To support the delivery of Community Infrastructure projects that support the aims of City Deal. | | |
| The Voluntary, Community and Faith Sector (VCFS) has a strong voice and is equipped for change | South Ribble has a strong and sustainable VCFS Forum, led by the sector, for the sector. The forum enables groups from across the sector to meet the challenge of change, share learning and ensure their voice is heard where it matters to shape and influence decision making | | |
| Networking is facilitated to identify opportunities to work together | Partners and organisations are supported in networking and making new connections. New ideas and innovative projects are developed between partners Key local messages are communicated to residents and visitors in a co-ordinated way, making best use of resources | | |
| The Partnership is sustainable and effective | The Partnership continues to develop its model to enable it to become more sustainable to ensure it remains effective and strong. | | |

Our Plan

Guided by our Sustainable Community Strategy we have developed the plan, to focus our priorities for the coming year; addressing what we will do and how we will do it.

We have formed the plan by listening to what our partners say, identifying the priorities and focusing on important local programs and plans;

- [City Deal](#)
- [Skills and Employment Strategic Framework](#)
- [Our Health Our Care](#)

Our Structure

We have developed the structure of our Partnership to make sure we can respond effectively to the challenges ahead and are agile to meet change as it happens.

The Partnership has many partners, each involved in different ways and at different levels. We have set out our structure below to give you an idea of how we work.

YOU
